High-visibility clothing made with reflective material should be maintained in good condition and inspected regularly for damage or deterioration.

## Description

Silver reflective tape with Anti Fraying properties is designed for the toughest use. Made of enforced polyester this reflective tape does not fray on the edges even after 60 industrial washes. High grade micro-breads reflects the light with more power thus providing high visibility of building workers, road workers and other professionals. Durable and easy to care reflective tape for the best HighVis clothing.

## Product Construction

This Reflective Material is a Polyester Fabric coated with a layer of resin with numerous glass micro-lenses impregnated with a special glue into this layer. The light reflects from these micro-lenses and comes back to a car (or other sources of light) making the person wearing reflective tape more visible in the dark.
