

Description

Red-Silver FR reflective trim offers excellent flame retardant protection proven by EN 469 certificates. It is designed for High Visibility and to ensure maximum protection of people working at the risk of flame, sparks or open fire. It can be sewn onto FR industrial work wear or firefighters uniform etc.

Product Construction

This Reflective Material is a Textile Fabric coated with a layer of resin with numerous glass micro-lenses impregnated with a special glue into this layer. The light reflects from these micro-lenses and comes back to a car (or other source of light) making the person wearing reflective tape more visual in the dark.

Product Detailed Information

Material	100% Cotton
Finish	Flame retardant
