

## Description

Yellow-Silver reflective trim. It is made with polycotton backing and reflective stripe integrated in the middle. The trim lets you customize a corporate workwear style and increase safety of workers. You may choose the width of Silver stripe as well as the width and colour of backing. It can be sewn onto industrial work wear or corporate uniform.

## Product Construction

This Reflective Material is a Poly-cotton Fabric coated with a layer of resin with numerous glass micro-lenses impregnated with a special glue into this layer. The light reflects from these micro-lenses and comes back to a car (or other sources of light) making the person wearing reflective tape more visual in the dark.
