## Important Notice

Type of work environment, exposure conditions and maintenance have an impact on reflective performance. Please test each tape according to appropriate care instructions required for the garment.

High-visibility clothing made with reflective material should be maintained in good condition and inspected regularly for damage or deterioration.

## Description

Yellow-Silver aramid FR reflective trim offers excellent flame retardant protection proven by EN 469 certificates. Specially designed for High Visibility and to ensure maximum protection of people working at the risk of flame or open fire. It can be sewn on

FR industrial work wear or firefighters uniform.

## Product Construction

This Reflective Material is a Aramid Fabric coated with a layer of resin with numerous glass micro-lenses impregnated with a special glue into this layer. The light reflects from these micro-lenses and comes back to a car (or other source of light) making the person wearing reflective tape more visible in the dark.
