

Description

Segmented Reflective tape (film) XM-8011C with Flame Resistant properties. It is Breathable and stretchy due to its segmented design.

Use heat press or iron to apply it on FR-workwear or Firefighters clothing.

Reflective tape (film) XM-8011C is a high-tech material. Please apply it on a sample FR-clothing to see how good it "glues" to the fabric. It is also useful to make trial washes of the fr-clothing with applied tape.

Product Construction

This Reflective Material is a PU+Polyester resin with numerous glass micro-lenses impregnated into adhesive layer and placed on a film liner. The light reflects from these micro-lenses and comes back to a car (or other sources of light) making the person wearing reflective tape more visible in the dark.
