

Reflective Tape Properties

REFLECTIVE TAPE	Backing	EN 20471	Domestic wash
XM-6007C Pro 			

Care Instructions

	Wash	Machine Wash Hot, 60°C
	Bleach	Do not bleach
	Dry	Tumble Dry Low
	Dry-clean	Dry clean, PCE only
	Iron	Iron at low temperature, 110°C

Method of Application

Please contact us for instructions or check our website.

Important Notice

Type of work environment, exposure conditions and maintenance have an impact on reflective performance. Please test each tape according to appropriate care instructions required for the garment.

High-visibility clothing made with reflective material should be maintained in good condition and inspected regularly for damage or deterioration.

Description

Segmented Silver heat transfer reflective trim with excellent retro-reflectivity. Features extra breathability due to segmented design. It is recommended to use for EN 20471 knit clothing to have safe, functional and comfortable workwear. By means of a heat press or by simple ironing you can add this reflective trim to workwear adding safety and style at work.

Product Construction

The performance of XM-6007C Pro goes along with its durability, providing high reflectivity after tens of washes. Initial reflectivity of the tape is very high for a segmented tape, $R=465 \text{ cd/lx}\cdot\text{m}^2$ and after 50 washes it is still relatively high, $R=170 \text{ cd/lx}\cdot\text{m}^2$. As soft-shell fabric stretching, XM-6007C Pro tape is easily stretching along with the fabric. The tape is applied by Heat Press or Iron-on to EN 20471 vests, jackets, pants and increases the visibility of workers.

Product Detailed Information

Material	100% Polyester
Finish	-
Colour	Silver
Industrial wash	Allowed
Roll, Width	50 mm (available 60, 70)
Roll, Length	100 meters
Roll, Weight	1.55 kg

Product Certifications

NFPA 2112	-
ANSI 107	50×60°C ISO 6330
CSA Z96 (Level 2)	50×60°C ISO 6330
EN 20471	100×60°C ISO 6330, 50×75°C ISO 15797 30x dry clean ISO 3175
EN 469	-
EN 15384	-
OEKO-TEX 100	Class 2
Certificate of Test	Aitex (Spain), UL (USA)

Shelf Life

Keep in a cool, dry place away from direct sunlight. Use the product within 12 months of the date of purchase.
