

Description

Yellow-Silver FR Reflective Trim provides reliable flame-retardant protection certified to EN 469. Designed for FR clothing and firefighters' uniforms, this tape withstands heat and fire while maintaining its high visibility.

It can be sewn onto FR jackets, pants, or turnout gear and is suitable for both industrial and domestic washing.

Product Construction

The reflective material consists of a textile fabric base coated with a durable resin layer. Within this layer, numerous high-quality glass micro-lenses are embedded using a specialized adhesive. This construction ensures strong adhesion, flexibility, and excellent reflectivity in low-light conditions, making the person wearing the reflective tape more visible in the dark.

Product Detailed Information

Material	100% Cotton
Finish	Flame retardant
Colour	Yellow-Silver
Industrial wash	Allowed
Roll, Width	50 mm (available 75)
Roll, Length	100 meters
Roll, Weight	2.7 kg

Product Certifications

NFPA 2112	-
ANSI 107	-
CSA Z96	-
EN 20471	50x75°C ISO 15797, 30x dry clean ISO 3175
EN 469	50x75°C ISO 15797
EN 15384	50x75°C ISO 15797
EN 11612	50x75°C ISO 15797
NBR 15292	25x60°C ISO 6330
OEKO-TEX 100	Class 2
Certificate of Test	Aitex (Spain)

Shelf Life

Keep in a cool, dry place away from direct sunlight. Use the product within 12 months of the date of purchase.

Care Instructions

75	Wash	Machine Wash Very Hot, 75°C
▲	Bleach	Do not bleach
☉	Dry	Tumble Dry Low
P	Dry-clean	Dry clean, PCE only
☎	Iron	Iron at low temperature, 110°C

Method of Application

Please contact us for instructions or check our website.

Important Notice

The type of work environment, exposure conditions, and maintenance practices can affect the reflective performance of the material. Each tape should be tested according to the appropriate care instructions required for the garment. High-visibility clothing made with reflective material should be kept in good condition and inspected regularly for any damage or signs of deterioration.
