

## Care Instructions

|                                                                                     |           |                                |
|-------------------------------------------------------------------------------------|-----------|--------------------------------|
|  | Wash      | Machine Wash Warm, 40°C        |
|  | Bleach    | Do not bleach                  |
|  | Dry       | Tumble Dry Low, 55°C           |
|  | Dry-clean | Do not dry clean               |
|  | Iron      | Iron at low temperature, 110°C |

## Method of Application

Please contact us for instructions or check our website.

## Important Notice

Type of work environment, exposure conditions and maintenance have an impact on reflective performance. Please test each tape according to appropriate care instructions required for the garment.

High-visibility clothing made with reflective material should be maintained in good condition and inspected regularly for damage or deterioration.

## Description

Segmented Reflective tape XM-8104/10C in Yellow colour with Flame Resistant properties. Designed for Heat Transfer application on FR-workwear and Firefighters clothing. Segmented design of the tape gives more flexibility and improves air-circulation from the body of the wearer. It is used for FR-rainwear (jacket, pants etc) or FR-knitwear (polo, sweatshirt, hoodie etc), where stitching is not allowed. Use heat press or iron to apply this FR-tape to your FR-clothing.

## Product Construction

This Reflective Material is a PU+Polyester resin with numerous glass micro-lenses impregnated into adhesive layer and placed on a film liner. The light reflects from these micro-lenses and comes back to a car (or other source of light) making the person wearing reflective tape more visible in the dark.

## Product Detailed Information

|                 |                 |
|-----------------|-----------------|
| Material        | FR PU+Polyester |
| Finish          | Flame retardant |
| Colour          | Yellow          |
| Industrial wash | -               |
| Roll, Width     | 50 mm           |
| Roll, Length    | 100 meters      |
| Roll, Weight    | 2.68 kg         |
