

Care Instructions

	Wash	Machine Wash Hot, 60°C
	Bleach	Do not bleach
	Dry	Tumble Dry Low, 55°C
	Dry-clean	Do not dry clean
	Iron	Iron at low temperature, 110°C

Method of Application

Please contact us for instructions or check our website.

Important Notice

Type of work environment, exposure conditions and maintenance have an impact on reflective performance. Please test each tape according to appropriate care instructions required for the garment.

High-visibility clothing made with reflective material should be maintained in good condition and inspected regularly for damage or deterioration.

Description

The XM-8410C Lumi photoluminescent reflective tape is made from FR Pes and has been certified to meet stringent safety standards, including EN 20471, EN 469, EN 15384 and DIN 67510-1. This cutting-edge tape is designed to provide exceptional visibility in low-light conditions and ensure the safety of workers in various industries. XM-8410C Lumi ensures that workers remain easily seen even when light sources are limited or absent.

Product Construction

The construction of photoluminescent reflective FR tape XM-8410C Lumi involves incorporating special dyes that have photoluminescent properties. These dyes absorb and store energy from ambient light. Once the light source is removed, the stored energy is released in the form of a vibrant glow. The central silver stripe is coated with a resin layer in which numerous glass micro-lenses are embedded with a special adhesive. The light reflects from these micro-lenses back to the light source, making the person wearing reflective tape more visible in the dark.

Product Detailed Information

Material	100% FR Pes
Finish	Flame retardant
Colour	Glow Green-Silver
Industrial wash	-
Roll, Width	50 mm
Roll, Length	100 meters
Roll, Weight	2.4 kg

Product Certifications

NFPA 2112	-
ANSI 107	-
CSA Z96	-
EN 20471	50×60°C ISO 6330
EN 469	50×60°C ISO 6330
EN 15384	50×60°C ISO 6330
EN 11612	50×60°C ISO 6330
DIN 67510-1	Class B
OEKO-TEX 100	Class 2
Certificate of Test	Aitex (Spain)

Shelf Life

Keep in a cool, dry place away from direct sunlight. Use the product within 12 months of the date of purchase.
